WorkSafe New Zealand issued a newsletter today, advising it has recognised three new audit providers and is offering operators financial support towards the cost of an audit. If you haven't received it, [here's the link](#) to their newsletter (NEED LINK), with key information below:

## New audit providers recognised

Three new audit providers have been recognised by WorkSafe New Zealand. They are:

- Telarc
- Quality Solutions International
- Bureau Veritas

WorkSafe NZ advises several other audit providers are working through the process. An announcement about the recognition of Skills Active is expected later this week. Skills Active purchased OutdoorsMark from Outdoors New Zealand recently (see the [Outdoors New Zealand website](#) for more information about this).

Going through the audit process inevitably takes longer than expected. If you haven't already done so, we strongly encourage you to get started on the paperwork and contact an audit provider now!

## Financial support for operators

WorkSafe will pay \$1000 or in some cases \$1500 towards the cost of an audit for operators who have an audit contract in place with a recognised audit provider by 31 July 2014.

Operators who have already contracted an audit with a recognised provider can also access financial assistance. [Find out more.](#)
