Climbing on Artificial Structures ASG - open for consultation

The Climbing on Artificial Structures Activity Safety Guideline is now open for one month's public consultation on the [SupportAdventure](http://SupportAdventure.co.nz) website.

Indoor rock climbing symposium

An indoor rock climbing/climbing on artificial structures industry symposium is being held in Palmerston North on Friday 8 March 2013. The focus will be on how to implement the recommendations in the new Climbing on Artificial Structures ASG. Contact Toni (Antnz) Burgess on vertx@ymcacentral.org.nz or call 06 357 4552 to register or for more information.

New ASGs - seeking expressions of interest

TIA is seeking expressions of interest from individuals who'd like to be on the development groups for the Abseiling ASG and the High-wire, High Ropes, Bridge Swinging and Canyon Swinging ASG. We would like technical experts in these activities to take part. Please email expressions of interest to rachael.moore@tianz.org.nz by 15 March or contact Rachael for more information.

Outdoors NZ Roadshow - register now

Outdoors New Zealand is holding a nationwide roadshow in March and April, travelling to nine locations.

Held over one day, the morning session will provide updates on projects affecting the outdoor community, including safety management, professional development and education. Outdoors NZ CEO Garth Dawson will lead the update and discussion sessions, which will also feature partner organisations, including TIA, NZOIA and Skills Active, as their schedules allow.

Attendees can attend one of two practical workshops during the afternoon session:

- developing safety management systems for your organisation
- creating successful marketing & communications strategies

The roadshow is an opportunity to network, keep up-to-date and have your say on what's happening in the outdoors community. [Click here](#) for more information and registration details.
